Quick setup — if you've done this kind of thing before

Set up in Desktop or HTTPS SSH git@github.com:Helias/git-course.git

Get started by creating a new file or uploading an existing file. We recommend every repository include a README, LICENSE, and .gitignore.

...or create a new repository on the command line

```
echo "# git-course" >> README.md
git init
git add README.md
git commit -m "first commit"
git branch -M main
git remote add origin git@github.com:Helias/git-course.git
git push -u origin main
```

...or push an existing repository from the command line

```
git remote add origin git@github.com:Helias/git-course.git
git branch -M main
git push -u origin main
```

...or import code from another repository

You can initialize this repository with code from a Subversion, Mercurial, or TFS project.

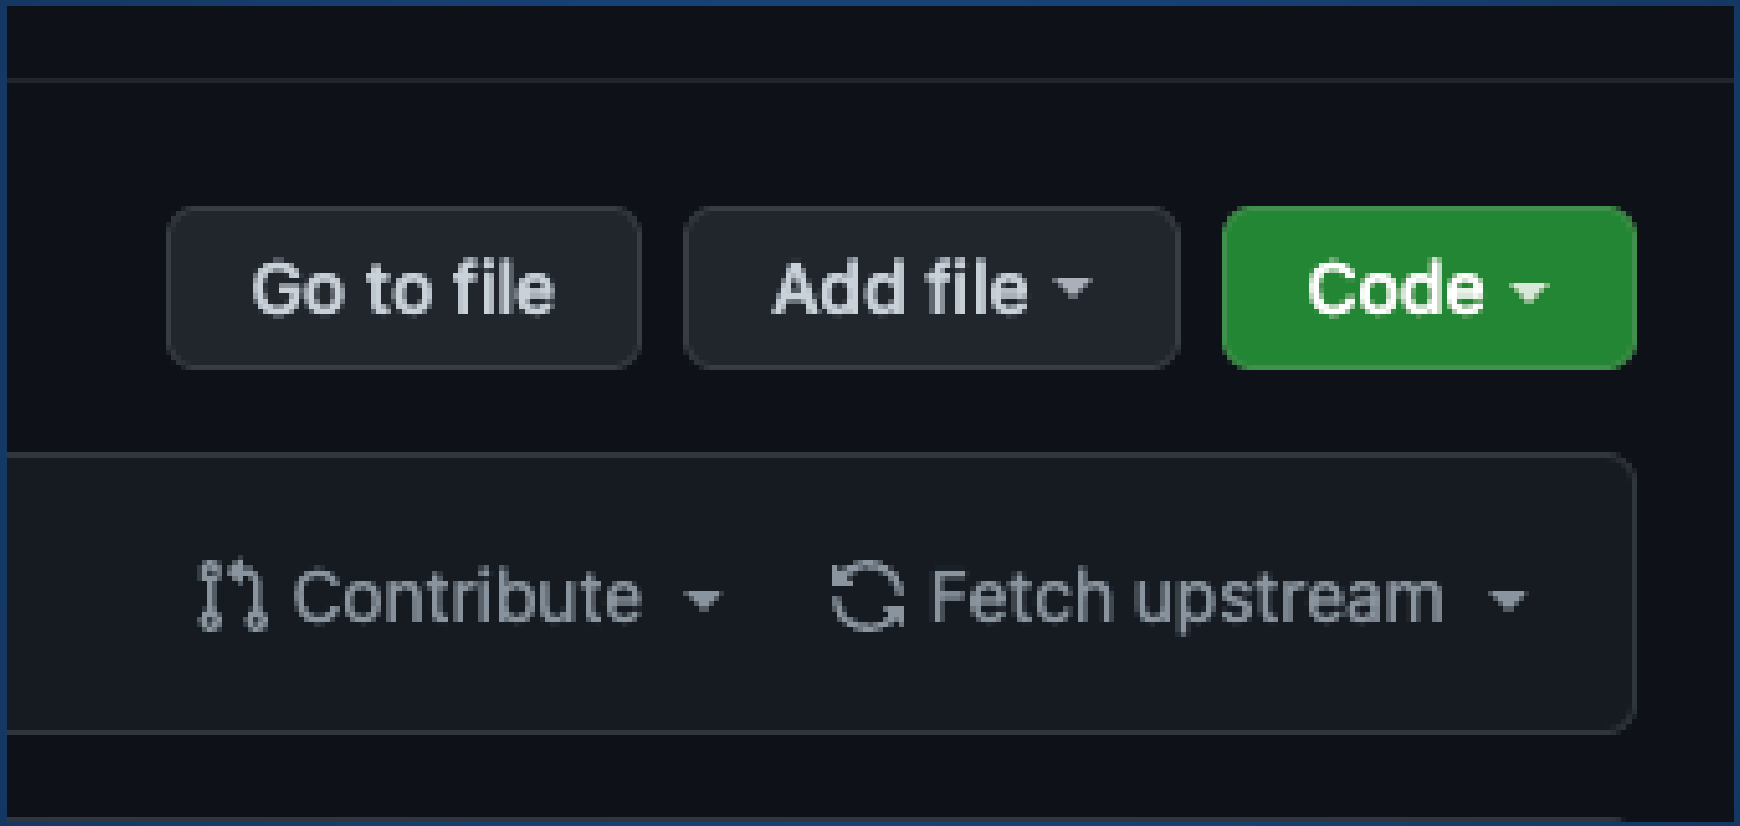

Import code

ProTip! Use the URL for this page when adding GitHub as a remote.

Update your repository

```
1  $ git init
2  $ git clone
3  $ git remote [-v, add, rm]
4  $ git fetch
5
6  $ git pull
7  $ git push
```

Update your repository

Fix professors' Markdown parsing #168

Edit Code

Merged **TendTo** merged 2 commits into `UNICT-DMI:master` from `dcariotti:fix/professors-exception` on 9 Jun 2021

Conversation 1 Commits 2 Checks 0 Files changed 2 +30 −12

dcariotti commented on 9 May 2021 — Member

Escaping the professors text in Markdown V1 raised errors when you tried to search a large numbers of professors (like `/prof G` = 33 entries).
This commit introduces the Markdown V2[1] escaping mode and the grouping of professors for 15 entries.

It also disables the web page preview!

[1] https://python-telegram-bot.readthedocs.io/en/stable/telegram.parsemode.html#telegram.ParseMode.MARKDOWN_V2

dcariotti added 2 commits 11 months ago

- `feat: escape professors text in markdown v2` `7cb831e`
- `fix: professors text escape in markdown v2` `f5be032`

Microsoft's GitHub is removing coding terms like 'master' and 'slave'

"It's a great idea and we are already working on this," said GitHub's CEO.

Github in freedom

Advancing developer freedom: GitHub is fully available in Iran

Today we are announcing a breakthrough: we have secured a license from the US government to offer GitHub to developers in Iran. This includes all services for individuals and organizations, private and public, free and paid.
